MOVING & BEING MOVED

REGISTRATION
FROM 14 MARCH AT
WWW.SU2017.EU

We live in what seems to be an ever decreasing world. Airports and their surroundings look more and more alike. At the same time, differences close to home seem to get bigger. Talking to a neighbour may feel as if you are speaking to someone from another part of the world. Which may be the case...

Our society is also described as a VUCA world: Volatile, Uncertain, Complex and Ambiguous. In this moving world, individuals, organisations and societies feel the need for security.

During this week we explore:

- the implications of the tension between security and mobility for coaching and supervision
- at individual, team and organisational level

The Summer University takes place from Monday 21 august at 17.00 in the afternoon until Friday 25 August 11.00 in the morning. Below you find a summary of the keynote speakers and workshops. More detailed information can be found at www.SU2017.eu from 14 March.
